DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/25/2004 has been entered.

Election/Restrictions

Applicant's request for rejoinder of the withdrawn claims is denied; the withdrawn process claims do not depend from or otherwise include all the limitations of the patentable product and are not otherwise commensurate in scope with the allowable product claims. In addition, the following art is cited as of interest, as potentially rendering unpatentable at least some of the withdrawn claims: De Rocquigny et al (Journal of Biological Chemistry 272:30753-30759, 1997) and Cornille et al (J. Peptide Res. 53:427-435, 1999) both use Fmoc synthesis procedures to produce Vpr C-terminal peptides.

This application is in condition for allowance except for the presence of claims 40-43 to an invention non-elected with traverse in the reply filed on 10/27/2003 and 2/25/2004. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue.

Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter:

In view of the amendments to the claims and the accompanying arguments, the claims drawn to soluble synthetic peptides are concluded to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
